We instructed Zena of Scarlet Zebra to revamp our website in November 2010 and by March 2011 we had a completely different selling and marketing tool available in our organisation. The site looks fantastic and the number of hits has gone up dramatically in the first 2 weeks. We went from 75 to 400 a week. The compliments we receive and the interest from suppliers and customers has been phenomenal.

Zena worked on the site tirelessly and was always there when we needed her. Without her we would never have achieved what we have done.

I would whole heartedly recommend her services to anyone interested in revamping or constructing their website.
